

In the United States Patent Office

In re Application of Pravin M. Patel,
Stabilized Steroid Composition and
Method for Its Preparation

Serial No. 10/762,652
Examiner San Ming Hui, Esq.
Art Unit 1617

AMENDMENT

Applicant submits this Amendment in response to the Examiner's July 3, 2007 Office Action. This Amendment is submitted after the shortened statutory period for response specified in the Office Action. Applicant thus respectfully includes with this Amendment a petition for an extension of time to answer, together with the fee therefore.

REMARKS

The application as originally filed refers to linoleic acid as an omega-3 acid. This is a typographical error; linoleic acid is an omega-6 acid, rather than an omega-3 acid. See http://en.wikipedia.org/wiki/Linoleic_acid (copy attached).
